

**Formal Lounge - McNutt Quad  
Indiana University**

Interior architecture formed by S-curved bulkheads in the ceiling, and repeated in the flooring, define the flow of spaces within McNutt Formal Lounge. Laurel Series chair segments, with true radius curved backs and fronts custom fit the large arc. The Laurel meeting area stays in place, anchoring the floor plan. Other sections may be rearranged for presentations, workshops and social events.

Left (move cursor over plan):  
Flexible arrangements for college staff and student activities:  
A. Conference set up, with work tables and lounge groups.  
B. Media presentation set up, with program tables, social areas.

A large rectangular space, given sculptural form, creates a friendly meeting place for student activities.
