

The Wellness Center
Springfield College
 Springfield, Massachusetts

A major athletic complex was added in 2008 around Blake Arena: **The Wellness Center**, The Field House and Athletic Training/Exercise Science Complex—promoting programs in academics, athletics and campus recreation. Cardio, weight training, teaching activity spaces and faculty offices are in The Wellness Center.

ES chairs fit needs of high use areas with comfortable, solid construction and easy cleaning materials. All parts are renewable—replaceable covers and replaceable parts.

The ES Series arm chairs and oblique tables create a small entry lounge between the entrance and a corner of refreshment machines. Just the spot to meet a friend or catch up for a few minutes between activities.
