

**Main Reception
St. Joseph's Hospital
Tampa, Florida**

Non-skid leveler glides and plinth base connectors keep the chair segments firmly in place on the ceramic tile floor.

Laurel series seating welcomes visitors to the reception area for St. Joseph's Hospital. The chair segments form 16 ft. diameter alcoves of comfortable seating among the busy entrances. In the adjoining patient Admitting area, special size segments seat nine patients in a small curved space across from the nurse's desk

Fabric "Unhinged" in blue and green tones works with the light open space and plants to create a feeling of calm. its crypton® finish needs only a quick wipe off for routine cleaning
